FINE TIME PROMISED VETERANS

Thousands Arriving Hourly on Field of Gettysburg

YANKS AND REBS MEET

Once Again and "Swap" Stories of One of the Greatest Battles in History—Can Care for Fifty Thousand.

(Associated Press Telegram) Gettysburg, June 30.—Twenty-five thousand veterans in blue and gray, the biggest army of its kind that has gathered together in fifty years, woke today on the field of Gettysburg to the call of the reveille and the warlike rattle of pots and pans in a score of mess tents.

Veterans who sat about camp-fires until late at night were up long before the sun climbed over the hills of the Blue Ridge. Before the electric lights of this morning camp were turned out to make way for the sun, the veterans were singing the songs of war time, and the wide streets of the tented city echoed with the "Kiki" of the "Johnny Reb" and the hoarse yell of his Yankee brother from the north.

The regular army men in charge of the camp expected 15,000 veterans to come into Gettysburg today and by tonight they will be prepared to tent and mess the more than 40,000 men without hitch or delay. There was no set program today and the veterans were left free to look up old friends and enemies, swap stories of '63 and enjoy themselves in any way they saw fit. Just as soon as the rations of bacon and eggs and coffee, fruit in season, fresh bread and butter were disposed of, the real inspection of the battlefield and the retelling of the story of Gettysburg began, with all the pointed criticism that the private soldier knows so well how to make.

"I ain't seen a Reb yet who didn't charge Round Top and take it all by himself," said a Yankee southerner as he wandered into the quarters of the Pennsylvania contingent.

"No, and I ain't seen a Yankee who did not break up Pickett's charge by his own-self," said a smiling Pennsylvanian as he shook hands.

The only set event today was the joint reception by the survivors of General Buford's cavalry and the Southerners of General Wheeler's cavalry to the citizens of Gettysburg. It was Buford who discovered the Gray army advancing on Gettysburg, the morning of July 1, fifty years ago and the picket who first saw the scouts of Lee, swinging up the Chambersburg pike fired the first shot of the greatest battle of the war.

It was Buford who stubbornly fought the advance of General Heth's division of the third Confederate corps on the July morning until General Reynolds arrived and took command and Wheeler's men helped to make that joint affair a warm one.

Relatives of General Mott, General Longstreet, General Pickett and General Hill arrived today and were given quarters in the town. Colonel J. M. Schoonmaker, chairman of the Pennsylvania committee, announced that 25 governors had accepted invitations to be present some time during the week. Brigadier Hunter Liggett assumed command of the veterans' camp today and Major Normoyle of the quartermaster's corps, who has been working pretty nearly 24 hours each day for the last two weeks gave up the reins of office. General Liggott appointed

FIRE DESTROYS TRESTLE; MANY WERE MAROONED

(Associated Press Telegram) New York, June 30.—Nearly 50,000 persons were marooned on Rockaway beach all night by fire which destroyed part of the trestle connecting that popular resort with Long Island. The flames started from a short circuit from the third rail on the electric road, while a train loaded with 300 passengers was crossing the electric trestle. There was a wild scramble among the passengers to get foot hold on the trestle. Hundreds of men, women and children picked their way over the ties to safety.

About 300 feet of the trestle burned before the fire was extinguished. The only other route home, for the crowd from the beach was by way of a single trolley line, and unable to accommodate only a few of the thousands of weary persons, most of whom spent the night asleep on the beach or the pavilions.

WEDDING GUESTS

Become Ill After Partaking of Chicken Salad With Pimento Dressing, But All Recover.

(Associated Press Telegram) Upper Sandusky, O., June 30.—The bride and twenty-two wedding guests were taken violently ill as the result of poisoning from eating chicken salad with pimento dressing at a wedding dinner near here Sunday afternoon, and many of the victims were in such serious condition that their recovery was dispaired of, but prompt and persistent work by a physician and the guests who were not affected, brought all through safely and today they were pronounced out of danger.

The wedding was that of Miss Nettie Swihart to Charles Troup. The ceremony was at the home of the bride's parents, Mr. and Mrs. B. M. Swihart in the country. At 1 o'clock dinner was served on the lawn. An hour and a half later, as many of the guests were preparing to leave for their homes, one after another was suddenly seized with paroxysms of pain and many became unconscious.

Dr. Benton performed heroic work in giving aid.

SUMMER RESORTS OVER THE STATE TO BE INSPECTED

(Associated Press Telegram) Columbus, O., June 30.—The annual inspection of all summer resorts in the state is being by experts acting under the direction of the state board of health. Within the next ten days, the experts will inspect sewage systems and examine the water supply at the resorts and report back to the board following the receipt of several complaints. Dr. E. F. McCampbell, secretary of the board, said that tests of the water used in swimming pools in the state would be made by employees of the state board. The complaints stated that the water used in several pools was unfit for bathing purposes. The state's campaign for pure drinking water on passenger trains came to an end today when the board of health issued orders to a number of railroads to make changes in the sources of drinking water. A thorough inspection of the water and ice used in supplying passenger trains was conducted by the board.

FORMER MAYOR DEAD.

Harrison, O., June 30.—James A. Grant, formerly Mayor of Harrison, O., died at his home here Monday morning. It was through his influence that the water works and electric light plant were built, and he also used his influence toward Harrison streets being brought to more modern conditions. He was at one time representative in the general assembly and was well known in Cincinnati business circles.

The Cornish, New Hampshire, Home to be Occupied as The Summer White House by The President on His Vacation.

The summer home chosen by President Wilson in Cornish, N. H., is one of the finest in the state. It is a low, roomy house surrounded by others of similar architecture. The President's vacation begins there June 28, and he may not remain for more than a week. But Mrs. Wilson and two of

the Wilson daughters will remain there during the most of the summer. The other will stay at the White House in Washington to keep house for her father, who may be kept there during most of the summer while congress is considering the new currency bill. The home is known as Harlington

Hall. The view taken here is of the front, showing a rise of ground some fifty feet from the front door. In the back there are magnificent lawns. The village is occupied by many writers and artists in the summer and the Wilson family will be surrounded by them.

Miners Claim Agreement Violated in Paint and Cabin Creek; May Strike

(Associated Press Telegram) Charleston, W. Va., June 30.—Telephone wires connecting Charleston with Paint and Cabin Creek strike districts failed this morning and no information concerning the number of miners who obeyed the strike order issued yesterday, could be obtained. The authorities who are closely watching the situation, manifested some uneasiness and the sheriff sent deputies into the strike zone to investigate. They are expected to report late this afternoon.

(Associated Press Telegram) Charleston, W. Va., June 30.—Though a general strike of miners in the New River coal field probably has been avoided, official sanction has been given to a strike of a majority of the miners employed on Cabin and Paint Creek.

Following Sunday's mass meeting of miners at Eskdale on Cabin Creek, the officials of the United Mine Workers of America announced that they considered the operators at a majority of the mines on Cabin and Paint Creeks to be guilty of violating the terms of agreement suggested by Governor Hatfield and put into effect May 1, and that a strike affecting from 3,000 to 4,000 miners on the two creeks and upper coal river has been called.

A report to the effect that resolutions were adopted at the meeting yesterday calling a general state-wide

strike at every mine where the miners' union is not recognized, was denied today by local officers of the U. M. W. of A.

Though the terms are not made public, it was announced that the conference on the New River situation have reached an agreement.

It now remains for both operators and miners to ratify the agreement, otherwise the strike in that field becomes effective July 1. It is known that the agreement does not give recognition of the union, but that no discrimination will be made against union men.

The proposition will be considered this afternoon by the New River operators and by the officials of District 29, United Mine Workers. If both sides ratify the terms as agreed upon in conference the strike will be called off. Otherwise the call which has gone out, calling a general strike in the New River and Winding Gulf field will be put into effect so far as the union is able to do so. From 15,000 to 25,000 miners are affected in District No. 29. Both sides are optimistic that the proposition will be accepted, though it is admitted there is some opposition on both sides and that the negotiations might fail.

The strike on Cabin and Paint Creeks threatens to become more serious than at any time since the general strike was called last year on Paint (Continued on Page 3, Col. 2.)

NAMES STATE INDUSTRIAL COMMITTEE

(Associated Press Telegram) Columbus, O., June 30.—Before leaving for Gettysburg, Pa., Governor Cox today announced that he had appointed Wallace D. Yale, of Chillicothe, Thomas J. Duffy, of East Liverpool, and Prof. M. B. Hammond of Columbus, as members of the State Industrial Committee, in connection with the Industrial Commission act, passed by the last legislature. Each commissioner will receive an annual salary of \$5,000.

Mr. Yale, who is a member of the state liability board of awards, was named for the long term, which will end June 30, 1919. Mr. Duffy, chairman of the liability board of awards was appointed to serve the four year term, ending June 30, 1917. Prof. Hammond of the Ohio State University was appointed to serve the two year term, ending June 30, 1915.

If the Industrial Commission act, which is still subject to a referendum, becomes effective, the commission will supersede the state liability board of awards, and have under their supervision the work now performed by the commission of labor statistics, chief inspector of mines, chief inspector of workshops and factories, and chief examiners of steam engines, board of boiler rules, and the board of arbitration. The state departments were abolished by the act. It has been said that the heads of the departments will be reappointed to act in the same capacity under the new commission.

In announcing the appointments Governor Cox said the naming of Prof. Hammond was in line with the policy announced in his message.

Prof. Hammond has made an extensive study of the relation between the employer and employee. Yale and Duffy were made members of the liability board of awards by former Governor Harmon.

A bank account isn't always the best yardstick with which to measure a man's value.

Broker and Lawyer Who are Mentioned in Lobby Investigation

DAVID H. LAMAR, EDWARD LAUTERBACK.

David H. Lamar, long a mysterious character in Wall Street, who has been mentioned in the lobby investigation in Washington and Edward Lauterback, the prominent New York lawyer, whose name was also brought into the case, have been well known among financiers for many years. Lamar is suspected of having telephoned to New York lawyers, who acted for railroad financiers, stating he could influence the action of congressmen in connection with legislation about the roads. Lauterback was brought into the case by Robert S. Lovett, chairman of the board of directors of the Union Pacific, who said the lawyer sought employment in connection with the sale of the Southern Pacific stock owned by his company. The Supreme Court had ordered the company to dispose of this stock

Statement of General Field Lobbyist Causes Sensation

(Associated Press Telegram) Washington, June 30.—A searching investigation of the so-called "Underground system" at the capital not only by the senate lobby committee, but by a select committee of the house, also promises to be the first result of the sensational charges by Martin M. Mulhall, who claims to have been the general field "lobbyist" for the National Association of Manufacturers.

Mulhall's startling allegations that representatives, senators and high officials of the government had been "bribe" or "influenced" that the "lobby" conducted its operations from a room in the capitol, paid money to employees there, took an active hand in making up committees and went out actively in the political campaigns to defeat congressmen who opposed legislation the "lobby"

wanted, have thrown congressional circles into an uproar.

Congressmen named in the Mulhall charges are issuing statements, some of them denouncing the allegations as "malicious lies."

Speaker Clark last night issued a statement confirming the charge that the "lobby" had worked for his defeat. Many congressmen mentioned, however, who feel that they have been brought in without any specific charges against them, declare they will not be satisfied with the senate lobby committee's investigation, but will insist on a select committee of the house. The senate committee, however, intends to lose no time. A subpoena already served upon Mulhall is to be followed by others for the men named in the published statements.

President Wilson discussed the Mulhall charges briefly today with (Continued on Page 8, Col. 4.)

COMMISSIONERS WERE RECEIVED BY FRENCH PRESIDENT

(Associated Press Telegram) Paris, June 10.—The commissioners on agriculture, corporation and rural credits were in session two hours this morning at the ministry of agriculture, with the commissioners especially appointed by the French government to assist them in their labors. They were afterwards the guests of Myron T. Herrick, the United States ambassador, and then accompanied by the ambassador they were received at the palace Elysee by President Raymond Poincaré.

EX-MAYOR ROTHWELL DEAD.

(Associated Press Telegram) Hamilton, O., June 30.—A Rothwell, who was mayor of Hamilton in 1910-11 died at his home here today. Mr. Rothwell was prominent in Republican politics and the only republican mayor elected in Hamilton for more than 20 years.

CHINESE DOCTOR

Claims to be Oldest Man in World at 149 Years—Spent 100 Years in Cuba.

(Associated Press Telegram) New York, June 30.—With 149 years resting lightly on his queueless head Dr. Cho Choey, who arrived here on his way to Canada, is undoubtedly the oldest man in the world, if his claim to longevity is true.

He was really angry with the skeptics among the newspaper reporters who thought he might possibly be years younger, and declared that he was born in 1764, at Shan Hai Kwan on the borders of Manchuria where the great wall of China runs down to the seashore on the gulf of Pe-Chi-Li.

The aged Manchurian arrived in bond with seven other prosperous Chinamen, the youngest of whom was 70, bound from Cuba to Canada.

Dr. Choey was the leader of the party in every particular. He is more than six feet tall, notwithstanding a slight stoop, while his features are a web of wrinkles. He lived for 50 years in his native land and claims to have spent nearly 100 years in Cuba practicing medicine among the Chinese, where he acquired considerable wealth. While on Ellis Island the doctor partook of no nourishment except a table of condensed food which he always carries with him, and a little cold water.

INJURED WHEN AUTO STRUCK A ROAD CULVERT

Mr. George Woolard, residing near Jacksonstown, received a painful injury on Sunday afternoon while automobile riding. Mr. Woolard was riding with his nephew, Edward Woolard of Pataaskala.

The machine struck a culvert in the road in such a way that Mr. George Woolard struck his head and shoulder against the top. The iron support of the canopy of the machine caught him across the eye, inflicting a painful bruise and rendering him unconscious. Dr. Homer Davis was called and attended Mr. Woolard and he is resting more comfortable today.

GETS LIFE SENTENCE.

(Associated Press Telegram) Cleveland, O., June 30.—Migurdich Markarian, aged 25, charged with first degree murder, pleaded guilty to second degree murder in Criminal Court today and was sentenced to life imprisonment in the penitentiary at Columbus. Markarian came to Cleveland from Worcester, Mass., to shoot his cousin, Manoel Markarian, because of an old feud. He was allowed to make today's plea in order to obviate the necessity of a long trial.

A man can do almost as much damage with a corkscrew as a woman can with a hatpin.

RELIEF IS IN SIGHT, PERHAPS!

City Sweltered Under the Heat Sunday, But No Prostrations

COOLER SPELL COMING

Is the Prediction of the Experts in Government Service—Great Loss of Life Over the Country from the Heat.

TODAY'S TEMPERATURE.	
5 a. m.	64
6 a. m.	70
7 a. m.	76
8 a. m.	81
9 a. m.	84
10 a. m.	89
11 a. m.	91
12 a. m.	93
1 p. m.	94
2 p. m.	95
3 p. m.	98

Here's hope: weather bureaus have sighted relief!

A cool breeze which began to make itself felt in the early afternoon brought some relief to the humidity of the day, which was even greater up to the noon hour than on Saturday, although the mercury's highest point for Sunday was 96 degrees, reached at 3 p. m.

No new prostrations were reported over Sunday, and the one heat victim still under treatment in the Newark Sanitarium is David Cramer, track repairman for the Ohio Electric.

Monday morning witnessed a continuation of the light breeze, but high temperature was indicated when at 5:30 a. m. the mercury stood at 64 degrees, jumping to 81 within the next three hours. The morning was not so oppressive as the four mornings preceding because of the cooling effect of the Sunday night breeze.

Many who drove to the open in motor cars and horse drawn vehicles Sunday night found the air very cool. This let-up was a great relief for the hundreds of sufferers who broke for the parks during the earlier and heated part of the day. The court house park was thrown open to the heat sufferers, who lounged about the lawn all day and evening. Crowds went to Moundbuilders' park in the afternoon and despite the heat, the big cars of the Ohio Electric did double duty in direction of Buckeye Lake from east and west.

Porch and lawn parties in negligence were quite the thing in Newark Sunday.

But as has been observed relief is promised. If the weather man makes good his word, sweltering Newarkites may hope to find invigorating air and renewed energy awaiting them but a few hours distant.

42 DEATHS OCCUR IN CHICAGO IN PAST FEW DAYS

(Associated Press Telegram) Chicago, Ill., June 30.—Chicago's heat spell which began last Friday continued unabated today with the thermometer in the nineties. Last night was the hottest of the summer and thousands of persons slept on roofs, porches, in back yards and on sidewalks.

Every public park was crowded with people unable to sleep in their homes.

There have been 42 deaths and more than 300 prostrations from the heat in three days. The mortality (Continued on Page 8, Col. 5.)

Tariff Bill May be Ready to Report to Senate by Thursday

(Associated Press Telegram) Washington, June 30.—Finishing touches to the schedule of the tariff bill were considered today by the senate Democratic caucus, which is endeavoring to finish its work by tomorrow night, that the revised measure may go to the entire committee and be reported to the senate by Thursday.

Unfinished portions of the sundries schedule and free list, with

changes agreed upon by the finance committee majority were reviewed by the caucus in the hope that the administrative and income tax sections could be reached tonight.

Chairman Simmons, of the finance committee expected that the caucus would develop little opposition to postponing operation of the sugar schedule until March 1, 1914, or to the change of date for the income tax, from January 1, 1913, to March 1, of this year.

The Stumbling Block.

(By Chalmers L. Hancock.) Even if a town has disadvantages it should boost itself. Enterprise will overcome any disadvantages.

As a rule, the stumbling block in small towns is lack of unity, petty strife and factions. Many promising towns have been ruined by discords and their advancement retarded to the extent that their more harmonious rivals left them at the post.

MANY TROPHIES ARE OFFERED FOR JULY 4TH EVENTS

WINNER OF HANDICAP POWER BOAT RACE GETS \$500 CUP FROM OHIO ELECTRIC.

Novel Program at Buckeye Lake Next Friday—Hydroplane May be a Feature of Day.

Several hundred dollars in trophies and cash prizes will be offered at the Fourth of July regatta of the Buckeye Lake Yacht club, which the committee plans to make a bigger event than the Memorial Day regatta. The \$500 trophy cup offered by the Ohio Electric railway company will go to the winner of the handicap power boat race.

Cash prizes will be given for the nine-mile speed boat race, which will be the principal event of the day. No handicaps will be used in this contest.

The in-and-out canoe race, in which the canoeists dressed in bathing suits, leap from their overturned boats, right them and climb back in, will be one of the unique features of a program lasting from 9:30 a. m. till 4 p. m. The first sailing canoe race ever held on the lake will have five canoes in the entries. Canoe titling contests, aquaplaning and the comedy chase-the-duck motorboat race, will help afford amusement. Luncheon will be served at noon on the veranda of the new club house, from which the yacht club and its guests will watch the day's events.

The usual catboat and motorboat races for both men and women will help fill up the program. A ladies' sail-driving contest will be one of the humorous events. Swimming races will be held for both men and boys.

Negotiations are under way between Manager Harris and an aviator who may be induced to bring his hydroplane to the lake and give exhibition flights on July 4, 5 and 6. It is not yet certain that the hydroplane can be secured. The park management is making a special effort to amuse the big crowds expected for the Fourth. A band singing in the park, combined with band concerts and a singing orchestra in the dancing pavilion, are some of the special features provided for the day.

TODAY'S RECORD OF THE PUGILISTS

1908—Sailor Burke stopped Jim Savage in 3 rounds in New York. The Sailor, whose real name was Charles Prasner, was once an aspirant to the middleweight title, but last year he abandoned his ambition and opened a refreshment parlor. Burke was a star performer, when things were going his way, but he was never fond of the receiving end. In 1907 he stayed 6 rounds with Jack Johnson at Bridgeport.

1909—Jack Johnson defeated Tony Ross in 6 rounds at Pittsburgh. 1912—Charley Lodoux knocked out Diggar Stanley in the 7th round at Paris.

BALL PLAYERS HEAT VICTIMS

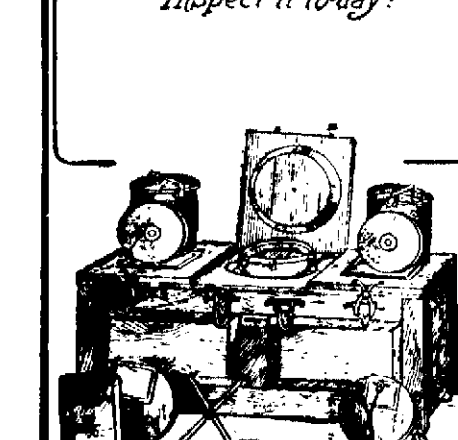

(Associated Press Telegram) Saginaw, Mich., June 30.—Second baseman Tom Carlin and Steve Manning, left fielder for the South Michigan league team of Saginaw, were overcome by heat in the game yesterday and are in a serious condition in a hospital. Carlin dropped at the plate, after making a hit.

Good seed corn is one of the most important factors in producing a good yield.

ROLLER TOWEL AND COMMON CUP DOOMED TO GO

(Associated Press Telegram) Columbus, June 30.—A vigorous way to carry into effect the edict of extermination against the common drinking cup and the roller towel soon is to be started by the Ohio State Board of Health.

It has now been several months since these alleged germ carriers were declared to be nuisances in Ohio, and outlawed, but the Board of Health has found in checking things over that the rule has not been well observed.

It is, therefore, planned to begin a campaign for enforcement of the orders. There is a fine of \$100 for disobedience.

WOMAN LEADER OF I. W. W. ON TRIAL TODAY

(Associated Press Telegram) Patterson N. J., June 30.—Elizabeth Gurley Flynn, a leader for the Industrial Workers of the World in the Patterson silk workers strike, was placed on trial here, today charged with inciting riot. Patrick Quinlan, another strike leader, has already been convicted on this charge, and William D. Haywood and others are to be tried later.

Miss Flynn's case is to be decided by a so-called foreign jury from a neighboring county. There was no demonstration about the court house when the trial opened today.

EARTH CAVED IN; THREE DROWN

(Associated Press Telegram) Cleveland, O., June 30.—Three men, Patrick Dunn, John Gannon, and Thomas Wines were drowned in a severe hole today, when the earth caved in the trench in which they were working, caved in and brushed them into a culvert leading to the Cuyahoga river.

Fellow workmen dug their bodies out of the mixture of sand and water, but a desperate effort to save them with a pulmotor failed.

NEWARK AUTHOR COMPLIMENTED BY HIGH AUTHORITY

Colonel Robert T. Lincoln, son of President Abraham Lincoln, has recognized the literary excellence, and historical accuracy of the recent volume published by a Newark author, Mr. R. Scott.

Colonel Lincoln in a graceful letter, refused a complimentary copy of the volume and sent Mr. Scott the regular subscription price of one dollar, with words of commendation.

EMPEROR APPROVES.

(Associated Press Telegram) Berlin, June 30.—Emperor William, today announced his approval of the appointment of Justice James W. Gerard of the New York Supreme Court as United States ambassador to the German court.

An alfalfa field is a hog's idea of heaven.

MILES GREGORY A LIVE BOOSTER FOR LOS ANGELES

Miles S. Gregory, a former resident of Newark, has for years been active in civic affairs of Los Angeles, Calif. Mr. Gregory has made a success of the real estate business in Los Angeles but he has found time to be of much value to the city as well as to himself. He is a booster spelled in capital letters.

Just now Los Angeles is preparing to celebrate its "tunnel victory" with a great pageant representing the past and present. It is to be called "The Fiesta of the Two Tunnels" and at a

MILES S. GREGORY.

meeting of citizens of Los Angeles on June 21 the affair took form. Mr. Gregory was elected chairman of the general committee by acclamation.

The Los Angeles Tribune printed a big front page picture of Mr. Gregory and had an interview with him which was introduced with this paragraph: "We want to let the world know how Los Angeles is growing," said Mr. Gregory. "We need the two tunnels to afford express and ingress to this splendid city. We have secured the official sanction of the great plan. The tunnels are to be built. They will be of vast help to the city. Now we feel like celebrating in a manner that will let the rest of the world know our good fortune. Let us Angelenos do this on a grand scale."

MINERS

(Continued from Page 1.)
Creek in April and on Cabin Creek in August. The charge is made that operators affected by the strike called Sunday have refused employment to many of the former strikers. The strike is directed mainly at the Davis & Cabell interests on Cabin Creek and the Cornell interests on Paint Creek.

The companies against which the strike is directed are the Cabin Creek Consolidated Coal company, the Carbon Coal company, Republic Coal company, West Virginia Colliery company, Anchor Coal company, Marsh Fork Coal company, Paint Creek Colliery company and Solway Colliery company. About 3,000 persons, according to union officials, attended Sunday's meeting at Eskdale. President Thos. Cairns of District 17, Board Members Thos. Haggerty and Organizer Thos. Vasey addressed the meeting, giving the sanction of the miners indicated, but admonishing the miners not to strike at the other mines where the terms of the Haffad agreement had been carried out.

A riot was threatened for a time above Eskdale when Charles Williams, miner, was beaten by six mine guards, according to the miners' officials. When Williams was set upon by the mine guards several hundred miners rushed to their homes and reappeared with rifles. One hundred armed men were detailed to watch out for mine guards while the meeting proceeded.

Another version of the affair was that about 300 miners started to march to Decota, and were turned back by mine guards at Wake Forest, and that Williams was beaten after he got into a fight with a newsboy.

Operators on Cabin and Paint Creeks express the belief that the union will not be able to close the mines affected by the strike order.

C. A. C. 12—NEWARK CUBS 9.
The Catholic Athletic club added another victory to their column on Sunday morning by defeating the Newark Cubs. The feature of the game was the playing of Davis, left fielder for the C. A. C. club. Score: Newark Cubs 12 15 1
C. A. C. 9 8 2
Batteries: Newark Cubs, Ingram, Cleveland and Hummel. C. A. C., Gilbert, Gage and Weiler.

IS YOUR BOY EMPLOYED?

Or is he stranded in some city without any means of support? If he only knew a trade, if he only knew a good business.

IS THIS YOUR BOY?

Don't let your boy drift without knowing what to do. We offer to a limited number of bright young men the opportunity of a lifetime to get a splendid training absolutely free of charge. We will give them a thorough business education in a well developed and well equipped manufacturing establishment. The free course lasts from 4 to 6 months after which we will set up the young man in a self-sustaining business. No previous experience necessary, but good reference required. If interested in a steady income of from \$75 to \$125 a month write today to Phum, 512 C. S. & T. Bldg., Columbus, Ohio. 6-16-23-30

MOTORCYCLISTS KILLED WHILE RIDING TANDEM

Cleveland, June 30.—Zeig Janewski and another young man, not yet identified, were killed last night when the motorcycle on which they were riding tandem crashed into a farm wagon at South Brooklyn, a suburb. Janewski, steering the motorcycle, was instantly killed when the pole of the wagon struck him in the breast. His companion died soon afterward from his injuries.

There was no light on the motorcycle. It is said, and as they tried to avoid running down a pedestrian they crashed into the wagon, which they could not see in time to avoid.

MERCHANT

Charged With Administering Medicine to Young Girl He Employed as Stenographer.

Macon, Mo., June 30.—John W. Nisbeth, 40 years old, merchant and former councilman of Bevier, was arrested here on a charge of administering medicine to Marie Drinkard, a girl who had been his stenographer and bookkeeper. The girl died. Nisbeth is married and has two children.

Nisbeth and Miss Drinkard were members of Bevier's First Baptist church, where she sang in the choir. Nisbeth said he was surprised that such action was taken by the authorities, though he knew that he had made enemies because of his vigorous fight for local option.

AUTO RACES AT MOUNDBUILDERS PARK FRIDAY

In lieu of fancy fireworks, sky-rockets, pinwheels and cannon crackers, prohibited by city ordinance, Newarkites will be compelled to resort to other forms of entertainment in observance of Independence Day. Chief among these promises to be the automobile races scheduled for the afternoon in Moundbuilders Park under auspices of the Licking County Auto Dealers' association.

A feature of the races will be a fifty-mile event to be participated in by cars built especially for racing. Entries listed for this are two Fords, one Stoddard-Dayton, one 60-horsepower Peerless, one Buick and one Hupmobile.

Two other events will be ten and five mile races, respectively, for Ford, Buick and Hup cars in the first instance and single cylinder cars in the five mile event.

Purses of \$1,000 help to insure an exciting afternoon for racing fans.

Judges and timers are to be announced later. Lovers of the ball game likely will have an opportunity to enjoy their favorite sport, too. Several amateur teams are fishing for games for July 4, and their announcements are expected in a few days.

So far no old-time celebration has been planned. Mayor Swartz intimated Monday that if business men sought to launch such a plan the approval of council might be obtained, on condition that the celebration be supervised by authorities in so far as pyrotechnics might be concerned, as provided by ordinance.

GERMAN-AMERICANS HAD BASKET PICNIC IN SHOWMAN GROVE

Between 300 and 400 members of the German-American Alliance of Newark participated in the big basket picnic held in the Showman grove near Granville railway line on Sunday. Members gathered with their families and the huge assortment of home prepared delicacies spread in the shade, where the entire afternoon was spent informally. Members of the Macnurechor entertained the gathering with several songs.

Members of the Alliance expect to meet soon to consider plans for entertaining the state convention of German-Americans to be held here the latter part of August.

Police Court News

John Livingston arrested on the warrant of his wife for non support of his minor child, was dismissed in police court this morning on his agreeing to provide for the child in the future.

Corrado Anzelet, charged with running a disorderly house in East Newark on Sunday afternoon, was dismissed. It was charged that those in the house had become boisterous in the celebration of a christening.

Several other foreigners charged with being drunk and fighting were given \$5 and costs. John Merco the principal offender was given \$10 and costs and a suspended sentence of 30 days in the county jail.

William Kerr of Prazeyburg was charged with being drunk. He was given \$5 and costs, which he was unable to pay and was committed to the city prison.

Kerr claimed he had been assaulted in East Newark and also robbed. His charge will be investigated.

Eight others charged with intoxication were fined \$5 and costs and one from Brooklyn \$1 and costs. Four paid the fine, one of the others was committed to the county jail, and the others to the city prison. One loiterer was dismissed.

Discord.
"Do they have music at this hotel?"
"No means, only an orchestra."
Judge.

SAFE AND SANE FOURTH IS ORDER OF MAYOR SWARTZ

A sane, silent celebration of Independence Day or arrest and fines. Such is the ultimatum of Mayor Swartz in his warning issued Monday regarding observance of July 4.

"The ordinance of 1910 gives me the power to fine offenders up to \$500, and if any violations are reported we shall see that arrests are made and the guilty ones duly punished. This thing of making every Fourth of July a day of accidents and fires might as well stop now as any other time. If I permitted the sale of fireworks of any kind, in violation of the ordinance, I would feel directly responsible for deaths and accidents occurring as results."

No cases have been reported to authorities where merchants have violated the anti-fireworks sale ordinance. Police have been instructed to be on the lookout for them and follow with arrests.

TO PRESENT PLANS FOR DISSOLUTION PACIFIC MERGER

(ASSOCIATED PRESS TELEGRAM)
St. Paul, June 30.—Plans for the dissolution of the Union Pacific and Southern Pacific merger, as ordered by the United States Supreme court are scheduled to be presented today to Federal Judge W. H. Sanborn, W. M. C. Hook and Walter I. Smith, of the Eighth circuit.

The plans have been approved by President Wilson and Attorney General McReynolds with a qualification in the government that the court grant a reasonable time within which the attorney general can make objections if further study develops that they will not meet the exactions of the Sherman law.

The scheme offered by H. W. Clarke, of counsel for the Union Pacific is scheduled to provide for the exchange of \$38,292,400 of Southern Pacific stock for the Pennsylvania's holding in the Baltimore and Ohio of approximately the same value and the placing of the remaining \$88,357,700 of the Southern Pacific's \$126,650,000 stocks in the hands of a trust company to be sold within a definite time.

G. Carroll Todd, a special assistant to the attorney general is representing the government at today's hearing.

(ASSOCIATED PRESS TELEGRAM)
Washington, June 30.—The plan for dissolving the Union Pacific-Southern Pacific merger which Attorney General McReynolds with the approval of President Wilson has agreed upon with officials of the railroad and which was submitted to the Federal court at St. Paul, was made public here today. It allows until January 1, 1916 for the complete dissolution of the combination adjudged illegal by the Supreme court.

All previous plans are supported by this latest one, which proposes that the Union Pacific shall exchange \$38,000,000 of its \$126,000,000 holding in the Southern Pacific for the Pennsylvania railroad's entire holding in the Baltimore and Ohio—virtually an equal amount—and that the remaining \$88,000,000 shall be sold to the general public through a trust company.

No present stockholder in the Union Pacific continuing as such might buy any of the Southern Pacific stock sold, and each purchaser would be obliged to make affidavit that he was not acting in concert or agreement with any one else buying Southern Pacific to secure a new control for the Union Pacific.

The transaction would begin on Nov. 1, 1913, and if not completed by January 1, 1916, the court would direct the disposition of any Southern Pacific stock remaining untaken.

The court will be asked, before approving the plan, to allow any interested persons to present objections.

Attorney General McReynolds' statement to the court, framed after cabinet discussion and conference with President Wilson, comments on the exchange of Pennsylvania and Baltimore and Ohio stock and points out at the present no Federal law forbids one railroad company from owning stock in another non-competitive line, but that by interpretation by the courts, a different meaning may hereafter be given to present statutes or new legislation covering that point may be enacted.

The president and his advisers feel that there is apparently no legal objection now to the proposal of the railroads under what administration officials regard as imperfect Federal law. The advantages of the plan of the president that it breaks up two actual or threatened monopolies, and at the same time fulfills the purposes of the government's present suit against the Harriman merger.

K. OF C. DEFEAT THE INDEPENDENTS

The fast independents were defeated Sunday morning at Wehrle Park by the Knights of Columbus by the score of 8 to 5. The Knights of Columbus got acquainted with Ramsey in the fourth inning, forcing him to concede the slab to McCully, who fared no better than Ramsey. The game throughout was very interesting.

Score:
R. H. E.
Knights of Columbus 8 5 2
Independents 5 8 2
Batteries: Thomas and John Dolan; Ramsey, McCully and Gophardt; struck out by Thomas 9, by Ramsey 4, by McCully 2; base on balls of Thomas 3, off Ramsey 2 and McCully 2, hit by pitched ball McKenna; two base hit, Perli.

FIST FIGHT WITH UMPIRE McNULTY

(ASSOCIATED PRESS TELEGRAM)
St. Louis, Mo., June 30.—As the result of his fist fight with Umpire Jack McNulty of the Federal League staff just before the Indianapolis game here Saturday, Manager Jack O'Connor of the local club was suspended indefinitely and heavily fined by President Powers of the league who stopped here on his way to Kansas City to arrange a schedule for the new club. McNulty, whose jaw was fractured, retired from the game after Saturday's contest.

JOHN FARROW

WELL KNOWN NEWARK GLASS BLOWER LASES LIFE IN ACCIDENT.

Stepped From Train Before It Stopped and Right Leg Was Severed—Died From Loss of Blood.

John Farrow, a well known glass blower of this city enroute to Columbus on the 6:09 Pennsylvania train Saturday evening fell off the train at Outville and had his right leg severed above the knee, from which he died at the Protestant hospital in Columbus at 3:10 o'clock Sunday morning. Farrow started to get off the train just before it stopped at the Outville station and as a result he fell and the train passed over his right leg.

Dr. Leatherman of Outville was summoned and accompanied Mr. Farrow to Columbus on the same train which had cut off Mr. Farrow's leg.

Mr. Farrow is survived by his mother Mrs. Jennie Farrow, four sisters, Mrs. W. J. Deedim, Mrs. George Fox and Mrs. John Soder and Mrs. James Sheridan, and three brothers Joseph, Jas. and Harry Farrow. His death is very much regretted as he was in the prime of life, being only 23 years old.

The body was brought back from Columbus Sunday and the funeral services will be held at the home of W. J. Deedim on South Fourth street at 2:30 o'clock Tuesday afternoon.

BOXWELL GRADUATION EXERCISES

The Mary Ann township Boxwell commencement will be held at the Rocky Fork church Thursday evening, July 3.

Attorney J. H. Miller of this city will deliver the class address and a Newark male quartette will furnish vocal music. There are eleven members in the class and the public is given a cordial invitation to attend the graduation exercises.

INTERNATIONAL SUNDAY SCHOOL ASSOCIATION

In response to an invitation from Mrs. Fannie Bates, who has been a successful teacher of the Ladies Sunday school class of the First Presbyterian church for the past two years, thirty-seven ladies met in the church parlors Saturday afternoon for the purposes of organizing and becoming members of the International Sunday School Association. The class was properly organized under the rules and regulations of this association and the following officers elected:

Teacher, Mrs. Fannie Bates.
Assistant teacher, Mrs. Laura Jones.
President, Mrs. J. B. Irish.
Vice president, Mrs. Grant McPherson.

Secretary, Mrs. H. H. Leist.
Assistant secretary, Mrs. Hupp.
Treasurer, Mrs. Eva Bloomer.

The organization will be known as the "Mary Cunningham class," being given the name of the lady who was first to speak of forming the class. After a few brief speeches from different members, all were invited to the dining room as guests of Mrs. Bates, where a delicious supper was enjoyed.

The "Movies"

The Auditorium theater offers another superb feature photo play today and tomorrow in "The Doonee." It is in five parts and was taken from R. D. Blackmore's famous novel, "The Twins of Double X Ranch" and "The Pretender" will also be shown today.

"The Battle of Gettysburg" which opens a three days' engagement at the Auditorium Thursday is said to be the greatest war picture ever made. It was produced by the Kay-See and Broncho Film Co.'s combined, cost \$75,000 to produce and took four months to make. The picture has not been shown in any of the smaller cities as yet, and is playing nothing but the largest theaters. The extremely heavy cost of playing this attraction, which is \$100 per day makes it almost impossible for any ordinary moving picture house to play. There will be two performance each afternoon and evening and on July 4 the entertainment will run continuous, adv.

Edison's wonderful talking pictures will be seen at the Auditorium on Thursday July 10 for one day only.

Marion Leonard in "The Dead Secret" has made one of the biggest hits of her career. She has also scored heavily in "Those Who Live in Glass Houses." Both are in three parts.

Raise what you feed and feed what you raise.

THE CHILDREN IN VACATION.

Few are the children, particularly of the boys, who will admit that they like school. But before their play time was three days old, they have usually been whining about the house asking Mother to find something to do.

In school, with regular hours and disciplined time, under the quiet rule of a well trained teacher, their pursuits seem adapted to their abilities. They have enough out of door life to keep them red checked, and the regular methodical calm of the school room quiets irritations.

Loose in the street and the playground, they tire themselves in hot sunlight, and wear out their nerves quarrelling.

Still children must have their playtime, though many educators feel that they would be better off if they had summer classes in handwork to give them regular discipline. The boys who have a garden to weed, papers to deliver, or any regular task that does not tire them, are better off than those that wander aimless and restless all day.

At one time there was a certain amount of belief in the public mind that this country bought Alaska just to oblige Russia and reimburse her for sending a couple fleets to this country during the civil war when we didn't have many friends in Europe. We have made a pretty good thing out of Alaska seals, and now that they are running out we are getting gold out of the country. Alaska has both gold quartz and gold gravel, and a mining expert has expressed the opinion that placer mining in Alaska may last a thousand years. He believes that a paying mine could be opened every twenty miles all the way from Ketchikan to Nome, a distance of 2000 miles.

Although it has been impossible to get nations to agree on a limitation of armaments, it might be possible to induce the steamship companies to agree on a limitation of the size of steamers. Their length is already creating a very serious problem for New York in the matter of piers, and the country doesn't feel like digging another Ambrose channel to allow these monsters to get into New York harbor.

It is not necessary on July 4 for the boys to take special pains to send off firecrackers in front of the homes where there are sick people.

It is surprising how quickly the man who wants reckless chauffeurs jailed, becomes a speeder himself when he gets a machine.

After the tariff debaters have pulled the wool over the people's eyes a little longer, they will be a general howl of "O, sugar!"

June 30 in American History.

The Human Procession

Joseph Bruce Ismay, survivor of the Titanic disaster, will retire today from the positions of managing director and chairman of the White Star Line and president of the International Mercantile Marine company, actually the change in management took place some time ago, as Ismay, bowed beneath the weight of criticism heaped upon him following the wreck of the Titanic, has for months taken little part in the active direction of the great transatlantic line.

The man who was called upon to choose between life and death, and whose choice of life brought down upon him the execration of millions, including, in all probability, many who would have acted exactly as he did, is fifty years old. He comes from a family long prominent in shipping circles. He married an American woman, Julia Schieffelin, about twenty-five years ago, and has two sons and two daughters. It is stated that he intended to retire today, and had announced his intention some months before the Titanic disaster.

During the last year of Ismay's management the dividends paid by the White Star Line amounted to only thirty per cent. In 1911 the company paid a dividend of sixty per cent, but the loss of the Titanic and the withdrawal of the Olympic for repairs, together with labor troubles, reduced the profits to a mere thirty per cent on the share capital. At their last meeting the directors passed a resolution in which they referred "with regret" to Mr. Ismay's impending retirement.

Cardinal Gibbons of Baltimore, will celebrate today the fifty-second anniversary of his ordination to the Roman Catholic priesthood. The venerable churchman will enter on his eighteenth year next month. He was invested with the princely insignia of the Sacred College just twenty-seven years ago today, June 30, 1886.

The Cardinal, despite his age, retains a lively interest in all the great problems that confront humanity. He is outspoken in his opposition to socialism and woman suffrage, and recently referred to the advocates of equal political rights as "noisy, clamorous and spectacular."

"When I deprecate suffrage I am pleading for the dignity of woman," said Cardinal Gibbons not long ago. "I am striving to perpetuate those peerless prerogatives inherent in her sex, those charms and graces which exalt woman and make her the ornament and coveted companion of man. We must remember that, though woman does not personally vote, she exercises the right of suffrage by proxy. So powerful is the influence which a sensible matron exercises over her husband and sons that they will rarely fail to follow her counsel, which comes from inspired rather than labored reasoning."

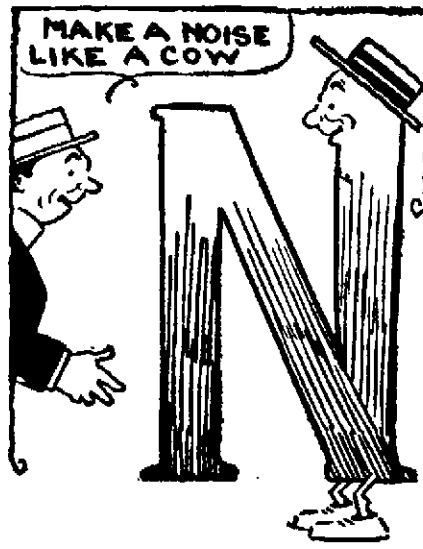

Viscount Escher, who was one of the principal advisers to Queen Victoria during the latter years of her reign, and later to King Edward VII., was born sixty-one years ago today. He was consulted by the late king on nearly every matter of moment, and his advice was usually followed. Lady Escher, who was the daughter of a former Belgian minister to London, is prominent in English society.

TROOPS SUFFER FROM MALARIA IN THE PHILIPPINES

Washington, June 29.—The fact of advanced medical precautions the number of cases of malaria among the troops of the Philippines more than doubled during the past year. At present 171 men in every 1,000 have the malaria, the sufferers being mostly among the soldiers of the regular army.

Surgeon General Torney has directed that a thorough investigation be made of the causes of the increase in the disease.

WHAT IS IT?

What object seen in the sky?
Answer to Saturday's puzzle—Turkish.

First Things

The first railroad in China, from Shanghai to Woonung, a distance of eleven miles, was publicly opened thirty-seven years ago today. The puffing locomotives aroused consternation and fear in the hearts of the Chinese, and the line had to be constantly guarded to prevent them from tearing up the track. So great was the public clamor that the government bought the road, intending to destroy it, but this decision was reversed, and operation was resumed in 1877. In the following year, however, the tracks were torn up and all the portable property of the pioneer Chinese railway was removed to Formosa. In a few years other short lines were constructed, and opposition to the innovation gradually died out. In 1903 China had 2,800 miles of railway in operation, and 1,800 miles have been completed since then, while over a thousand miles more are projected or building. A great national system of railways, reaching every part of China, to be built and operated by the government, is one of the proposals of the republican regime, and the working out of the plan has been entrusted to Dr. Sun Yat-Sen.

METEOR FELL ON FARM NEAR LIMA; CONTAINS METAL

Lima, O., June 30.—That a 200-pound meteor that whirled to the ground on a farm half way between this city and Wapakoneta Saturday night contains a strange metallic substance closely akin to copper, is the report brought to this city by the Auglaize county farmers.

With a whirling noise closely resembling the crossing of two electric wires the meteor whisked to the earth at 3 o'clock, lighting the sky in a blaze for miles around. Police on duty at the Central Station were frightened by the whizzing comet as it looped over the city and seemed to dart to the east into South Lima.

Investigation developed that the falling body bored into the earth on the farm of Christopher Jackson, in Anglaize county, near Wapakoneta. Farmers with picks and shovels and chemists of Lima left to analyze the strange substance found by Jackson. The meteor sank to a distance of two feet into the earth.

DESERVES A MEDAL.
Fond Du Lac, Wis., June 30.—Following a suggestion of the pastor more than 80 per cent of the men went coatless to the First Baptist church yesterday and the women all left their hats at home. The minister the P. G. Wandzandt preached in his shirt sleeves.

Altalfa keeps stock in good condition.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, June 30.—[Special.]—President Wilson's bombshell about lobbyists recalls one of a like character hurled at congress by President Roosevelt. An effort was being made to cut down the appropriations for special agents, secret service men and the sleuths generally.

It was charged that spies and detectives were as numerous as in Russia. Roosevelt called in the two score or more of newspaper correspondents, who always liked to get a good White House story, and told them that the real reason why congress was making such a fuss about the secret service was because congressmen were fearful that the sleuths were on the track of congressmen and might expose some of their shortcomings.

Then a fearful rumor spread about that Roosevelt had his secret service men trailing congressmen for years and had them all card indexed. It caused a great commotion, but it was a Roosevelt win, all right.

Run to Cover.
The lobbyist investigation was simply a "run to cover." Senators knew that lobbyists did not influence them. They had heard men tell what should be and should not be done with the tariff and other legislation, but they did not want their thought would best please their constituents. But the lobbyists had to be pilloried, victims had to be found, a lot of misleading innuendoes had to be circulated, all to prove that senators were not corruptly or unduly influenced in making a tariff bill. But the lobby bomb of Wilson was as effective as snail shells hurled by Roosevelt when he wanted to bring congress to time.

Friends of the Red Man.
Senator Gallinger, replying to a remark of Senator Owen about men from the east who go out west and "nose around among the Indians," called attention to men from the east who had always given the best in them to the Indian service. He first mentioned Senator Dawes of Massachusetts, who devoted his senate service to the red men. Then came Senator Platt of Connecticut, whose long service on the Indian committee made him known as a friend of the Indian. Then he alluded to Senator Quay, "whose last speech in the senate was about the Indians and brought tears to the eyes of many senators."

Probably no three men ever gave more unselfish devotion to any cause than these three men to the Indians. And there are few western men who will not agree with that statement.

Had to Take Them.
When Congressman John Garner of Texas went on the ways and means committee it was known that he was against free sugar and free wool. It was supposed, in fact, confidently expected—that there would be a fine old row over those articles. Garner explained it by saying: "The president was for free sugar and free wool. We had to accept or split the party. A split and a row was just what the Republicans hoped. We just took our medicine and stood together."

Dry Times in Washington.
People in Washington have just begun to realize how dry Washington will be under the new law. It will be a crime to sell, give or serve liquor on Sundays. Even the locker system in clubs will be doubtful if any one serves the drinks. Several clubs have found it necessary to increase their dues to make up the loss from the restrictions of liquor sales on Sundays. The Sunday begins at 1 o'clock at night and continues until Monday.

DESCENDANTS TO CELEBRATE.

Washington, June 30.—Plans of the meeting of the society of descendants of the signers of the Declaration of Independence in Philadelphia, July 4, were sent broadcast by Mrs. Anos Draper, registrar of the organization. The members of the board of governors will meet next Thursday evening and the exercises will be held in Independence Day.

What Do You Think of Your Name

No man who looks at the tree represented above, can help but think that beneath it, old Indian Councils were held.

Here men came to think.

Do you think of the effect your name has, when you put it on poor paper—letterheads, stationery, booklets, etc? Your name is your paper, but poor paper does not carry honor with your name.

Then it is folly to save a few miserable dollars and lose hundreds, yes thousands of dollars worth of effective literary values.

Old Council Tree Bond is a high standard paper from the standpoint of value. It has a newness and crispness of feel that never fades.

A staunch, solid body which will blend perfectly with any color and enrich it, and above all, it is a bond paper of a strength and elegance that makes the man who reads your letters or your literature, feel improved with a respect for the communication he has received from you.

Old Council Tree Bond is carried in stock by

The Advocate Ptg. Co.
Newark, Ohio.

RESOLUTION

Declaring it necessary to improve North Eleventh Street from Granville Street to Selby Street by constructing a sanitary and drainage sewer therein, according to the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer now on file in the office of the Director of Public Service, which are hereby approved and which shall be open to the inspection of all persons interested therein.

Section 1. That it is necessary to improve North Eleventh Street from Granville Street to Selby Street by constructing a sanitary and drainage sewer therein, according to the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer now on file in the office of the Director of Public Service, which are hereby approved and which shall be open to the inspection of all persons interested therein.

Section 2. That the whole cost of said improvement, less one-fifth thereof, and the cost of interest on the bonds to be issued in anticipation of the collection of deferred assessments and all other necessary expenses, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, and the cost of said improvement shall be paid by the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessment shall not include any item of interest on the deferred payments of the bonds of the City of Newark, Ohio, and the remainder of the entire cost of said improvement not so paid, shall be included in the collection of deferred assessments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual payments, provided that the owner of any property assessed may, at his option, pay such assessment

In Society

Rev. Dr. S. S. Palmer conducted the ceremony in the Broad Street Presbyterian church Thursday evening which united in marriage Miss Amy Henrietta Jones, daughter of Mr. and Mrs. Otto S. Jones of East Long street, and Mr. Philip Burgess, Mrs. Charles Ford Long was matron of honor and Mr. Long was best man. There were 75 guests present, and after the service, an informal reception was held in the parlors of the church. Mr. Burgess and his bride will live at Long and Twentieth streets.—State Journal.

The bride is well known in Newark and Granville, having made Newark her home for several years.

Mrs. A. Scanlon entertained the members of the Mystic club Friday afternoon very pleasantly on the lawn at her home. The afternoon was spent in social conversation and embroidery. At a late hour a dainty luncheon was served.

The next meeting will be with Mrs. Smith on Dewey avenue the first Thursday in September.

The Brightening Circle of The King's Daughters will meet with Bessie De Haven, corner Seventh and Church street, Tuesday, July 1.

The ladies of the Second Presbyterian church will give an open air concert in the garden at Rosemary, the home of Mr. and Mrs. George A. Ball, 435 Hudson avenue, Tuesday, July 1st, afternoon and evening. Everybody invited. Silver offering will be taken.

6-28-24

A delightful surprise party was given on Mr. G. M. Jones on Friday evening at his home. The guests were Mr. and Mrs. Woodard, Mr. and Mrs. Ed Nutter, Mr. and Mrs. Clem Coffman, Mr. and Mrs. Milton Downey, Mr. and Mrs. Guy Hoffman, Mr. and Mrs. Fred Myers, Mr. and Mrs. Clarence Johnson, Mr. and Mrs. Charles Bowman, and son Clarence, Mr. and Mrs. Harry Wilkin, Mrs. J. E. Burch, Mrs. R. N. Baker. The occasion being his birthday anniversary, Mr. Jones was presented with a handsome Masonic charm. Mrs. Jones was given a handpainted plate. Dainty refreshments were served the guests.

A most delightful dinner and lawn party was given by Mrs. Elihu Hayes at her cozy home four miles south of Granville, the guest of honor being Miss Della C. Hayes.

After the dainty and beautifully appointed dinner was served, a short and interesting program was enjoyed. The leaves of the bridal wreath and matrimonial vine used in a game prepared in a measure those present for the announcement of the engagement of Miss Della C. Hayes to Mr. M. Stuart Whitehead, which came in a dainty little envelope tied with ribbon in which a four-leafed clover had been caught.

Those to whom the good luck was passed were Messrs. Wright, Hauch, Hazelton, Chesshire, Gillman, Kate Frazer, Louella Whitehead, Lucinda Montomery, Ethel Gillman, Grace Dickson, Ruth Hawk, Florence Montgomery and Mary Ben Dickson.

LAYMAN—VANATTA.
On Saturday evening Mr. William H. Layman, a young farmer residing on a farm north of the city, and Miss Eva Mae Vanatta of Wilson street, were united in marriage by Rev. L. C. Sparks at his home in North Fifth street. Mrs. Ross Smith, a friend of the bride's mother witnessed the ceremony. The young people have a number of friends who will hasten to extend congratulations.

WRIGHT—MICK.
On Sunday afternoon at 1:30 o'clock, Rev. Bohon Schmitt united in marriage Mr. Harry Wright and Miss Bertie Mick. The impressive ring ceremony was read at the parsonage of the St. Paul's Lutheran church of which Rev. Mr. Schmitt is pastor. The young people were matted and left immediately after the ceremony for a wedding trip.

On their return Mr. and Mrs. Wright will be for the present at the home of the bride in Elmwood avenue. Mr. Wright is a barber employed with Mr. Dick Curry in the Arcade.

Division Eleven of the Woman's Guild will sew at the home of Mrs. Burch, 34 Elizabeth street, Tuesday afternoon. All members are requested to be present.

WILL PREPARE PLANS TO FIGHT TUBERCULOSIS

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., June 30.—Dr. E. P. McCampbell, secretary of the state board of health, announced today that the executive committee of the Ohio Society for the prevention of tuberculosis had been requested to act as an advisory committee to the tuberculosis department of the state board of health. Dr. McCampbell has written a letter to Dr. Samuel T. Leland, president of the Ohio Society for the prevention of tuberculosis, urging that a conference be had in the near future for the purpose of preparing plans to fight the disease.

CHICAGO WOMEN TO CELEBRATE THE VICTORY

(ASSOCIATED PRESS TELEGRAM)
Chicago, June 30. Suffragettes have been refused Grant Park for the celebration of their recent victory. The South Park commissioners decided that the intended mass meeting was of a political character. "The action of the park commissioners places us on a political level with men, and we are proud of it," said Mrs. Harriet Taylor Treadwell, president of the Chicago Political League.

Instead of a mass meeting, the women will hold a monster parade and it is said that many men will take part in it.

Fred S. Wright left Sunday on a business trip to Boston.

Messrs. John and Edward Fallon were visitors in Columbus on Sunday.

Col. I. N. Milburn is still very ill at his home near Summit Station.

John F. Carr, employed at Coshoc-ton, spent Sunday with his family in Newark.

C. J. Keller of Maholm street is spending a week with his son in Cleveland.

Emmet Gould of Pittsburg is visiting at the Linehan home in West Locust street.

Mr. and Mrs. Frank Legge of Marietta are visiting friends in Newark for a few days.

Mrs. Orley Wolfe, residing on the Cherry Valley road, is reported as being quite ill.

Miss Mary McCarthy of Portsmouth is visiting at the home of her father in North Sixth street.

Michael Roof left Sunday morning for Louisville, Ky., where he will remain over the Fourth.

Mrs. Oscar Steinkemper of Anna, Shelby county, is visiting Newark relatives for a short time.

Miss Marie Clouse of Clouse & Schawewer's millinery store, is spending the day in Columbus.

Mr. and Mrs. M. S. Fleming of Fulton avenue left yesterday on a trip to Cleveland and New York.

Mr. and Mrs. D. A. Tawney will go to Findlay tomorrow to visit their daughter for a week or two.

S. Silverman and Dr. Charlton were among those who went to Cedar Point Sunday on the local excursion.

Mr. and Mrs. C. C. Martin of Bowers avenue left Sunday for Cincinnati and Gallipolis to visit relatives.

Mrs. Robert Lytle and two children are spending a week at the home of Mrs. A. A. Marriott in Columbus.

Mrs. Henrietta Jack has returned to her home in Indiana, after a pleasant visit with her sister, Mrs. Chambers.

Mr. and Mrs. James B. Devereaux are visiting Mr. and Mrs. N. C. Haycock of Center Village, O., this week.

W. B. Woods, an official of the Baltimore and Ohio railroad, was registered at the Sherwood hotel on Saturday.

Mrs. A. J. Crilly left Saturday for Battle Creek, Mich., where she will visit her daughter, Miss Florence Crilly.

Mrs. Carrie Mooney of Cleveland is spending a week the guest of her sister, Mrs. Brennan of North Fifth street.

Walter Cramer of Maholm street left Sunday morning for Cleveland, Tenn., for a two weeks' visit with friends.

Miss Etta M. Crilly, teacher in the high schools of Lansing, Mich., returned home today to spend her summer vacation.

Miss Virginia Dadsell will arrive in the city in a few days to be the guest of her aunt, Mrs. Chambers in Hudson avenue.

W. A. Swartz, son of Mayor Swartz, is spending his vacation in Newark. Mr. Swartz is employed by an automobile factory in Detroit.

Miss Helen Brennan left Monday morning for Cleveland. Miss Brennan was accompanied by Miss Eleanor Force who was her guest over Sunday.

Arthur Schawewer has returned home after a trip through the New England states, as a representative of the Hoosier Kitchen Cabinet company.

Mr. Young and daughters Eleanor and Olive of Mt. Vernon spent Sunday at the home of Dr. and Mrs. D. H. Gosner, coming to Newark in their machine.

Mrs. J. A. Davidson, and sons Wallace and Ross, and Miss Elizabeth Weisgerber and Mr. Walter Sessor made a trip to Frazesburg in Wallace Davidson's machine on Sunday.

Hon. F. V. Owen and wife and daughters, Elizabeth and Isabelle, and D. K. Bird and wife spent Sunday with R. C. Bigbee and family, having driven down in their automobile from Mt. Vernon, Newark's outlying suburb.

Samuel Woolway, now a resident of Columbus, after thirty years of active business life in Newark, is here for a visit with friends. Mr. Woolway is in good health, despite a serious operation for cataract of the eye a few months ago. He is meeting old friends and says that although his residence is in Columbus, he must always regard Newark as his home town.

Abe Martin Says:

Why don't somebody git up a dandelion attachment for a lawn mower.

Even when it comes to an argument we often git short weight.

Give the chicks as much range as possible, even if you have to limit that of the old fowls. Exercise is a means of development.

MRS. WILSON

Attends Church Built in 1798 on Her First Sunday at Windsor, Vermont.

Windsor, Vt., June 30.—The Wilson family passed its first Sunday at the summer capital in the quiet and even manner which is typical of this section of New England. It was the most pleasant day experienced thus far in June, the air being alike in both shadow and sun, with soft winds blowing in from the surrounding hills.

At about 10:45 in the forenoon the President's wife, accompanied by her secretary, Miss Helen Woodrow Bones and the President's nephew, Mr. Toddcastie were driven to the Old Congregational South church in Windsor.

Mrs. Wilson was dressed in a gray attire with gray gloves, and wore a dark hat trimmed with violets. Both she and Miss Bones appeared to enjoy the sermon by the pastor, Rev. J. F. Schneider, who today preached his first sermon as the regular pastor, having arrived during the week from Danville, Vt. The prayer of installation was said by Rev. A. W. Ford, chaplain of the Vermont State Prison.

The old South church is really a famous landmark here. It is built in 1798 and is a wooden structure. A large cemetery is at the rear and a walk through this show monuments that were placed there as long ago as the period of the Revolutionary War.

The preacher made no reference to the presence of Mrs. Wilson, to his congregation and admitted afterward that he did not know that the first lady of the land had come to hear him.

Rev. Mr. Schneider is a graduate of Bowdoin College and of the Bangor Theological Seminary, and was born in Germany. His topic today was on the relationship of the church and the kingdom of God.

At the close of the services a welcome invitation was extended to Mrs. Wilson and family to attend the services in the future by the following ladies of the congregation: Mrs. Marsh, O. Perkins, Mrs. Harriet Safford, Miss Ellen Steele and Miss Mary Gales.

Many Famous Men are Boxing Enthusiasts

While the professional boxing game has faults and evils that need correction—being in this respect very much akin to all human institutions—it does not follow that boxing is to be condemned in its entirety. Those who indulge in such wholesome criticism of the sport will find themselves at variance with a host of noted men. If boxing is so brutal as some would have us believe, why does it command the enthusiasm and admiration of such as Maurice Maeterlinck, the "dainty-souled" Belgian dramatic author, a man of refinement and inspired genius? And he is but one among many great French and Belgian authors, artists and dramatists who are now devotees of boxing.

King George V in the role of a referee of a "horrid" boxing contest, may seem improbable to some people, and yet while in the navy he often hung up small purses and awarded fistie contests between members of the crew. He is himself no poor boxer, and still indulges in an occasional bout. Like the late King Edward, who was an enthusiastic patron of the sport, King George is opposed to all movements for the abolition of the game. The Prince of Wales is an accomplished boxer, and on at least one occasion attended a show at the National Sporting Club.

Everybody knows that ex-President Roosevelt is fond of witnessing a boxing bout and of putting on the gloves himself. Even while in the White House he found time to take part in an occasional bout, and one of his hardest scraps was with Prof. Mike Donovan, the former middle-weight champion.

Senator "Bob" LaFollette has lately taken up boxing. The famous Wisconsin Solon found himself getting too plump to put it mildly, and a daily round with the gloves took off twenty pounds of the surplus in a very short period. According to his instructor the Badger statesman has developed a number of good punches and is in a fair way to prove his right to the title of "Fighting Bob." Senator LaFollette passed his fifty-eighth birthday this month.

Chas. Dana Gibson, creator of the "Gibson girls," isn't exactly a low-brow, but he is very fond of boxing, both as spectator and participant.

Never buy a scrub chicken nor set a scrub egg.

Railway Affairs

Delegates representing the membership of the Baltimore & Ohio Relief department from various divisions of the system, met in annual convention in Pittsburgh on Thursday and Friday, June 25 and 26. The convention selected representatives by popular vote of the delegates, to administer the affairs of the department for the ensuing year.

Arrangements are under way for the Jennie Smith Reunion of railroad people, of Baltimore & Ohio employees at Harper's Ferry. This will be held on June 30, at Island Park and it is expected that the attendance will reach 10,000 railroad men, their families and friends. The railroad operates special trains from all points east of the Ohio river. This will be the 32d annual gathering of the kind.

A committee of firemen is now meeting with General officers of the Baltimore & Ohio railroad to adjust working conditions under the new wage schedules granted the firemen under the arbitration awards recently made, and which apply to all roads in the eastern section of the country. The firemen were granted advances of about 10 per cent in rates of pay at that time. On June 6 the Baltimore & Ohio signed similar agreements under the arbitration awards made some time ago, this being the road to close up the matter with the organized employees.

John C. Walker, assistant to third vice-president, is representing the railroad in the conferences with the employees.

GIRL BURNED

Clothing Catches Fire From a Gas Stove at Zanesville—Taken to Hospital.

Zanesville, O., June 30.—When her dress caught fire from a gas stove while she was passing it, Esther Tannehill, daughter of Attorney and Mrs. P. H. Tannehill of the Dresden road, was so badly burned about the body that she was taken to Bethesda hospital, where she lies on a bed of pain, although the burns are not necessarily fatal, they are of a most serious nature.

Esther ran out into the yard when she discovered her dress was on fire, and her mother, who heard her screams, grabbed a blanket and rolled the girl in it, extinguishing the flames after a hard struggle.

The victim's left arm, left side and hips were badly charred, her face and lower limbs escaping. She was resting as well as could be expected today.

Feared the Other.
The man of great financial prominence had met with an accident.

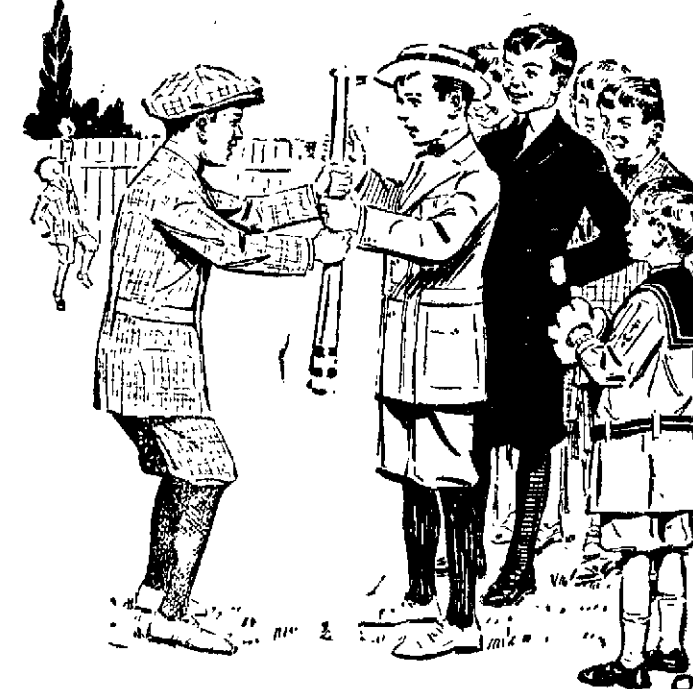

"We'll have to probe," said the doctor.

Just at that moment the man recovered consciousness and exclaimed:

"If it's a surgical operation go ahead, but if it's another investigation, give me an anesthetic."—Washington Star.

If fowls are to do their best they positively must have clean, cool drinking water. Keep it in clean fountains in the shade.

Prosy of Sin Needs a Savior

Body the Only Cure, Pastor Russell.

S NONE RIGHTEOUS.

Unrighteousness is Sin—Open Secret Sins—Hypocrites—Accusers—What God Approves. That God Hates—The Wiles of the Adversary—The Redeemer Soon to Be the Good Physician—Ten Lepers Cleaned—Only One Appreciative.

RUSSELL

St. Paul, Minn., June 20.—Pastor Russell spoke at the Auditorium here this afternoon, also at the Shubert Theatre, Minneapolis, in the evening. The announcement of his coming is always sufficient to draw a crowd. We report one of his addresses, based on his words respecting the lepers: "Were there not ten? but where are the nine? but returned to give glory to me?"

He said the Pastor, has long been regarded as incurable, and there is no illustration of sin, also incurable. As only the word could heal the lepers, so the word could heal the sinners, so that of a Divine remedy can be applied to the sinners. The sinners are obliged to separate from others, and whenever they are required to cry, "Unclean!" Cut off thus from the world, the condition of sinners was far from enviable. By Divine decree are they separated from the pure, the righteous.

Humanity are sinners by nature. Must not forget that they are a small proportion of the great family, amongst whom are the cherubim, seraphim, etc., who are in fellowship with God and the Father. But while the Scriptures declare of humanity that all are sinners, that none are righteous, no one yet all do not appreciate their condition, no cry aloud, "Unclean!" Indeed there are various degrees of uncleanliness, some are more and some are less.

Extremes of sin are represented in our Lord's parable of the two who went up to the Temple to pray. One a publican the other a Pharisee. The publican realized his sin, and his breast, saying, "God be merciful to me a sinner!" The Pharisee, on the contrary, felt himself superior to the publican that he did himself a sinner at all; he thought that he was not a sinner. He was, because of his sin, he was a sinner. The publican was a sinner, because of his sin, he was a sinner. The Pharisee was a sinner, because of his sin, he was a sinner. The publican was a sinner, because of his sin, he was a sinner. The Pharisee was a sinner, because of his sin, he was a sinner.

Tea Brings Natural Color To Gray, Faded Hair

With Sulphur It Cleans Beautifully and Takes Off Dandruff.

Most every one knows that Sage Tea properly compounded, restores the natural color of the hair when faded, streaked, or gray; cures dandruff, keeps falling hair from coming out, and is the best way to get the hair to grow at home, without the use of chemicals. By asking at the ready-to-use Sage Tea, you will get about 50 cents for their own, but

serious mistake in the study of our Bibles. When reading that the sinner would perish, that it signifies to die, to lose life. There is nothing to be gained by the word perish that signifies to be tortured to all eternity. "The wages of sin is death," destruction—annihilation, if you please. And if God had not made some provision for man's recovery, there would be no future life for Adam nor for any of his race. Death would indeed have been a hopeless state; just as leprosy, whether in a small or greater degree, signified the presence of a hopeless disease, from which there is no recovery.

Jesus the Good Physician.
Jesus is the only physician who can heal this leprosy of sin; nothing that the sinner himself can do would cancel the sentence. God purposely so arranged the matter. The Good Physician heals humanity at a great cost to Himself. As the wage, or penalty, of sin upon Father Adam and his race means death, so whoever would redeem Adam must be prepared to pay his penalty before he could assist the sinner legally, justly. None of Adam's race could serve as a redeemer, because each and all were born in sin and therefore as subject to the penalty as Father Adam himself. Nor could any of them be born without sin, because the life of the race came from his father.

Whoever, therefore, would be the savior of man must have a life separate and apart from that of Adam, and must be willing to sacrifice it on Adam's behalf.

All of the angels had such a life—separate and apart from Adam's life—and any of them, therefore, would have been capable of being man's redeemer if the Heavenly Father had made them the proposition and they had chosen to accept it. But Jehovah God gave the first offer to become man's redeemer to the very highest of all His creatures—His Only Begotten Son, the Logos, of whom we read that He was the Beginning of the creation of God, the First-born of every creature, the Alpha and the Omega, the First and the Last.

"For the Joy Set Before Him."
It was not within the province of even Jehovah Himself to demand that one holy creature should die to rescue, to redeem, humanity. The matter, therefore, was optional with the Logos; and if He had not chosen to accept the proposition, it doubtless would have been extended to others. But such was the love and loyalty of God's Only Begotten that to know the Father's pleasure in the matter was to cheerfully obey. It was a joy to Him to serve in any manner and to further God's will.

No doubt the Son would have done this without any suggestion of a reward, but the Apostle suggests that a great reward was proffered Him. He says, "Who for the joy that was set before Him endured." His joyful obedience began when He exchanged the higher nature for the human. The same joy continued when, as the Man Christ Jesus, He offered up Himself, and was faithfully obedient to the Father's will to the very last, saying, "The cup which My Father hath poured for Me, shall I not drink it?"

St. Paul further explains that it was the Redeemer's faithfulness and loyalty to the Father, in doing His will to the extent of laying down the human life, that became the basis of His still higher exaltation—above His prehuman condition. The Apostle says, "Wherefore God also hath highly exalted Him, and given Him a name which is above every name; that at the name of Jesus every knee should bow, of things in Heaven and things in earth." Thus, as the Apostle explains, He has been exalted and qualified to be made a Prince and a Savior and able to grant forgiveness of sins to as many as will come unto the Father through Him.

Forgiveness of sin has two aspects: (1) the cancellation of the legal condemnation; and (2) the recovery of the sinner from his loss, his imperfection. Jesus came into the world to accomplish both of these results. By His death He would legally satisfy the Divine Justice, giving His life as instead of Adam's life, which was forfeited by sin. Then, according to the Father's promise, being raised from the death state to a glorious state, with plenitude of power, He would use that power and opportunity for the release, or recovery, of mankind from the mental, moral and physical degradation wrought about by sin.

Thus we read that Jesus died that God might be just and yet be the Justifier of all those who believe in Jesus, of all who shall become His disciples and follow His leading and direction. Again, we read that He came to seek and to save, to recover, that which was lost.

Sinner of Two Classes Saved.
It was just like our great Heavenly Father to take advantage of the opportunity of human salvation from sin to illustrate different characters amongst men and different degrees of His favor toward these. He foresaw that the great necessity of the world would be the Messianic Kingdom, the powerful Reign of the Redeemer, forcefully putting down sin and all unrighteousness, scattering ignorance, darkness, superstition, etc.

He foresaw that some of the human family would need to have stripes, punishments, corrections in righteousness, in order to teach them the great lesson that all unrighteousness is sin; and that all sin brings degradation, sorrow, pain, death, according to Divine arrangement. Messiah's Kingdom would be necessary to show how obedience to God would, on the contrary, bring a gradual uplifting and recovery out of sin, sorrow, tears and death, eventually back to perfection.

But while the great mass of mankind would need the severe lessons of the Millennium, the Reign of Christ, a certain few would be able now to develop an eye of faith and an ear of faith by virtue of their desire to do God's will. These would be doubly precious in God's sight; for "without faith it is impossible to please Him," and those who could exercise faith under adverse conditions would be His peculiar treasure. Therefore God has arranged to gather out this special class in advance, and these He calls His Elect, the Church of the Gospel Age.

This call, to which these respond, is not so forceful as will be the call of the future; they must have hearing ears and attentive hearts to hear the voice of God in the present time at all. Additionally, they must be both able and willing to walk by faith, their path lighted only by the Lamp of God's Word. "Thy Word is a lamp to my feet, a lantern to my footsteps." Furthermore, they must walk in a narrow way, a difficult path of separation from the world. Not only must they strive to live separate and apart from sin, but after the pattern of their Redeemer they must present their bodies living sacrifices, holy, acceptable to God, through the merit of Jesus' sacrifice.

These are scripturally styled the justified by faith, the sanctified, or set apart to the service of God. These, under the typical arrangement of God with Israel of old, were pictured in the tribe of Levi, who were set apart from the remaining tribes to be God's special servants, and ultimately to be the instructors and guides of their brethren of the other tribes. So the elect class in process of selection since the ascension of Jesus—since Pentecost—are to be God's special servants by and by in the blessing of the world in general; for they are to be joint-heirs with Jesus, their Redeemer, in all the great work of His Millennial Kingdom, designed, arranged, prepared, for the blessing and uplifting of all humanity, and for the destruction of the wilfully, intelligently, sinful and rebellious.

"Though Your Sins Be Scarlet."
The Lord used crimson and scarlet as indicative of the most flagrant sins, and then declared that His arrangement for the forgiveness of sins through the great Redeemer is effective even for the very worst sins. "Though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool." (Isaiah 1:18.) This is an assurance for us. God knows that all of Adam's children were born with the hereditary taint of sin, "prone to sin as are the sparks that fly upward." He is not expecting perfection of any under such conditions; all must have help, and the Savior whom God has prepared is qualified to give help to all.

The help given to the special class that is in process of selection during this Gospel Age is in the Scriptures figuratively represented as the Robe of Christ's righteousness, covering each of the sinners, and thus hiding the actual blemishes of his flesh. In other words, the Lord declares of this class that He will judge them, not according to their flesh, but according to the spirit of their minds, the intentions of their hearts and the efforts which they will put forth in resisting sin and in doing God's will. This Robe of Righteousness will cover sins of every kind and degree, except wilful sins.

"O blessed thought! O words with Heavenly comfort fraught!"
The arrangement for the sins of the world, to be carried out in the future, will similarly be ample, though different. The world's sins will not be covered, nor will the world be dealt with merely according to their minds and hearts. The world's salvation is spoken of as being one of works. Each sinner must be encouraged and assisted back to perfection along the lines of good works. And the strength of character will give them day by day and year by year, until, before the Millennium

Real Whole Wheat Bread

The digestibility of ordinary whole wheat flour bread is a much debated question—but there is no question about the nutritive value or digestibility of.

TRISCUIT

the Shredded Wheat Wafer, a crisp, tasty toast containing all the body-building material in the whole wheat grain steam-cooked, shredded, compressed into a wafer and baked a crisp, golden brown. Delicious as a toast when eaten with butter, soft cheese, peanut butter or marmalades. It is snappy and full of "chews." Contains all the goodness of the wheat.

FINE TIME

(Continued from Page 1.)
his his aphant lieutenant, Simon Bolivar, son of the Confederate general.

The Wisconsin veterans arrived on their special train today. They were accompanied by Governor McGovern, General F. C. Winter, Colonel W. J. Cronin, and Major G. E. Legman of Milwaukee and Adjutant General Salzman of Madison.

Governor McGovern reported that although the train was delayed the veterans stood the journey well and were in fine spirits.

NEWARK VETERANS ATTEND REUNION AT GETTYSBURG

The celebration at Gettysburg, Pa., of the 50th anniversary of the famous battle, in which General Meade was victorious in drawing many soldiers from Ohio to the scene of the battle.

Captain A. H. Hefsey left on Monday morning in his machine for Gettysburg, and Mr. and Mrs. Daniel Swartz of Ohio street left Sunday to attend the 50th anniversary. Mr. Swartz being one of the survivors. They were accompanied by their daughter and her husband, Mr. and Mrs. Jack Line of Lexington, O.

Among the other veterans in attendance from Newark are Samuel Sommers and David Lowe, the latter being a member of the 25th Ohio regiment.

OHIO VETS OFF FOR GETTYSBURG

(Associated Press Telegram)
Columbus, June 30.—Between 750 and 800 veterans of the battle of Gettysburg on special trains, left Ohio today to attend the reunion of the survivors of that famous battle which was fought fifty years ago. Four special trains left Ohio during the day, carrying the veterans. Governor James M. Cox, his staff and members of the Ohio National Guard.

The first train enroute to Gettysburg left Cincinnati at 10:30 for Parkersburg, W. Va., where a number of veterans were to be picked up. This train was in charge of Colonel E. W. Hefsey.

The second train was to leave Toledo at 11:30 a. m. in charge of Captain Perry Monceny. The Columbus train left the Capital City at 1:30 o'clock this afternoon in charge of Lieutenant Lawler. Governor Cox and his staff were aboard this train. The fourth section was to leave Cleveland at 2:30 p. m. in charge of Captain Chamberlain.

Seven hundred and ninety-seven veterans of the battle of Gettysburg accepted the offer of the state to be its guests at the semi-centennial of the battle. It was said today that with but few exceptions all of this number would spend the next few days on the historic battlefield.

10TH GOVERNORS IN CAMP.
(Associated Press Telegram)
Gettysburg, Pa., June 30.—Governor Tener of Pennsylvania motorcade over from Harrisburg and occupied his tent on the grounds of Gettysburg college. Battery B, third field artillery, U. S. A., fired the customary salute. Battery B claims to be the lineal descendant of Calif's battery which opened the artillery fighting fifty years ago. There are now four governors in camp.

(Associated Press Telegram)
Gettysburg, June 30.—While thousands of veterans of both sides are here and other thousands are on their way to participate in the great anniversary celebration commemorating the battle of Gettysburg, there are gathering upon a quiet little street of the town, seven grave-diggers, women, who, 50 years ago, acted as volunteer nurses for Union and Confederate veterans alike, when the thundering guns of battle were piling up a gruesome total of killed and wounded.

Perhaps to no one of the seven are the recollections of the war more vivid than to Mrs. Stewart, a native of Gettysburg, who except for an interval of a few years has lived in the same house that was used as an emergency hospital during the famous battle.

At Stewart headquarters the living nurses of war divided their tributes between the blue and the gray.

The other aged nurses expected to participate in the anniversary, are Miss Cornelia Hancock of Philadelphia, Mrs. Annie R. Irving of Newburgh, N. Y., and Mrs. Helen Cole, Shtolman, Mich.

General Sickles was escorted to his tent by a cavalry detailed by General Wood upon his arrival this morning.

United States Senator Penrose arrived from Philadelphia late last night and will remain until Thursday when he will leave for Erie, Pa., to participate in the celebration of Commodore Perry's victory on Lake Erie.

The big trainload from Virginia of Confederate veterans was enthusiastically received on their arrival.

(Associated Press Telegram)
Chicago, June 30.—Veterans of the Grand Army of the Republic and of the Confederacy, who were unable to go to Gettysburg, met in a reunion last night at the Englewood Baptist church, despite the intense heat, and several hundred old soldiers wore their faded uniforms.

W. E. Pulton, who fought with the south asserted that the blue and the gray are not meeting on the battlefield of Gettysburg now to heal the animosities of the past. These animosities were healed when the war was over, he said.

(Associated Press Telegram)
Boston, Mass., June 30.—About 2,000 Massachusetts civil war veterans left Boston today for Gettysburg, Pa., to participate in the celebration of the battle.

HEAT KILLS BOY.

Tronton, June 30.—Ralph Howard son of Frank Howard of this city died Sunday as a result of the heat.

EAST SIDE OF THE SQUARE

STATEMENT

(Continued from Page 1.)
the Washington correspondents and said he believed the bill on the tariff legislation had passed to embarrass anybody but not. When the president made his first declaration that a number of insidious lobby was operating in Washington, he had no idea that such charges as might be added by Mulhall would be so, but he added he was in favor of investigating all charges, and he no doubt the senate committee would have a free hand. The president told his call to the attention in the Mulhall statement, it been cited in his attention, before their publication, it was charged that Senator Overman's attention had also been called to a portion of the charges.

Chairman Overman called his committee together for a short executive conference early today and at its conclusion announced that a full investigation of the Mulhall charges had been agreed upon. "We will go to the bottom of the charges," he said, "and while I have no doubt the committee has the authority, if it hasn't we will have its authority extended."

It was decided that no meeting of the committee will be held until July 8. Charges by Chairman Lovett of the Union Pacific board, that certain men in New York had been impersonating congressmen, and in which the names of Edward Lauterbach and David Langer were brought in will be first taken up and the Mulhall charges will follow.

Representative Sherry stated today that he proposed to ask the house on Wednesday to authorize an investigation of its own and would bring up the question as a matter of the highest privilege affecting the membership of the house.

Chairman Henry of the rules committee declared that any resolution for investigation of the Mulhall charges referred to be committee undoubtedly would be acted upon immediately. He said he favored an investigation.

RELIEF

(Continued from Page 1.)
rate among infants has been larger than in several years.

Charity organizations continued the delivery of ice in the tenement house districts. The weather forecaster predicts that thunder showers will bring relief tomorrow.

CROOKSVILLE HEAT VICTIM.

Crooksville, O., June 30.—Two little children in the Ammon family, living a mile southwest of Crooksville, found the dead body of Ezra Brown, 78, lying in the roadside on Saturday, a short distance from the home, a mile and a half southwest of town. They reported the matter and the body was conveyed to his home. Physicians announced that death was due to heart failure, superinduced by the heat. When he left home to walk to town he was in good health.

TEN DEATHS SUNDAY.

Chicago, June 30.—The fifth day of severe heat brought the death toll of this hot spell here to above 40 last night. Ten deaths Sunday were reported by the police and there were hundreds of prostrations.

SIX OVERCOME BY HEAT.

Cincinnati, June 30.—Six heat prostrations, two serious, were reported here Sunday. The thermometer rose to 95 degrees at the government station, a falling off of three degrees from the high mark of Saturday.

FIVE CRAZED BY HEAT.

Lima, O., June 30.—A temperature of 102 degrees in the shade was registered Sunday afternoon. Five foreign railroad laborers were crazed and are held in the county jail.

TWENTY ARE PROSTRATED.

St. Paul, June 30.—More than 20 heat prostrations were reported in Minneapolis and St. Paul Sunday, in addition to two deaths. The maximum temperature in Minneapolis was 94 and the highest here was 92.
